

**ISM University of Management and Economics is undertaking a search for its next president. The hope is that the next president can be identified by December of 2018 and take up the role at the beginning of the academic semester in February, 2019.**

ISM University of Management and Economics is the first private institution of management education in Lithuania established in 1999. In 19 years of operation the University has become the number one students' choice for management and economics studies in the market. Now the University aims to expand further and integrate creativity, entrepreneurship and innovation in business management programmes. The University is well prepared to meet emerging business challenges which require from the current students' broader social perspective, creative thinking and innovative solutions to businesses as well as to be able to address societal issues at large.

The University currently has about 1,600 students at campus which is located in the capital of Lithuania – Vilnius. ISM offers a wide range of educational opportunities, at both degree and non-degree programme levels. The degree programmes are offered at all three levels: bachelor, master and doctoral studies.

The University has been growing its international activities and has the ambition of becoming recognised as an excellent international business school. All its programmes are taught in English. The University has International Quality Accreditation (IQA) granted by [CEEMAN](#) (Central and East European Management Development Association) and it is one of the few universities in Europe that have been twice awarded the [ECTS](#) Label. Having passed eligibility criteria, the University currently is in the [AACSB](#) accreditation process.

As the term of the office of the current President of ISM University of Management and Economics is coming to an end, we are searching for a new leader to manage this University. The University now seeks a strategic thinker and proven leader to become the next President of the University. The President will join the broader University community in guiding the University to new levels of achievement, including enhancing its international reputation. Candidates should be academically qualified, have senior management experience and have a sound understanding of current issues in higher education, particularly in business and management.

Application deadline: the 2<sup>nd</sup> of November 2018. Preferred negotiable start date: the 4<sup>th</sup> of February 2019.

Interested applicants should submit the following documents:

- Cover letter;
- Curriculum Vitae;
- Motivational letter including personal insights and major highlights for university's development (max 1500 words).

*The documents should be send and enquiries directed to:* Ms. Mantė Trasevskytė-Lavrijanecienė, PA to President, [mante.trasevskyte-lavrijaneciene@ism.lt](mailto:mante.trasevskyte-lavrijaneciene@ism.lt).

*More information about the position:* [President's job description](#), [Statute of ISM](#).
