

# Youth. Open Innovation. Sustainable Future.

Collaboration. Future Thinking. Ideas. Trends. Talent of Tomorrow.  
Challenges. Solutions. Opportunities. Dialogue. Culture. Knowledge-  
Economy. Students. Business. Government. Educators. Non-profits.

20th CEEMAN Annual Conference

*Business and Educational Challenges in Dynamically Changing Environments*

27-28 September 2012, Bellville, Cape Town, South Africa

# Challenge:Future Action Teams

**Action Teams** online groups of Challenge:Future members  
(9Teams • 57Members • 20Countries • 150+ Articles so far)

---

**C:F Writer Action Team:** Virtual team of students who engage the 24,000+ C:F community.

**Tip of the Week (TOW):** A weekly implementable tip, a little piece of practical wisdom on sustainable and innovative ways to embed into our daily lives.

**Weekly Hot Topic (WHT):** A weekly thought-provoking question that triggers discussions within the C:F community.

# Education and Global Social Impact

- **The Challenge:Future Chapters network** – is a youth-led group of local C:F Chapters that supports local talents in making impact and developing as global citizens of tomorrow. Each chapter innovates and implements sustainability initiatives.
- **The Local Representatives** – are enthusiastic students and C:F Promoters making a difference in areas where chapters are not yet developed.

# Challengefuture Members' Testimonials

- Challenge:Future opened my eyes so that I truly and deeply realized that I'm a part of the global community. I discovered the immense power and value of global collaboration and joyful effort, it inspired me to be more socially committed and practice environmentally concise habits. - **Magdalena, a student from Poland**

- Challenge:Future educates every member – the margin of knowledge which C:F extends is huge. C:F has made me learn a lot about turning ideas into actions which are full of impact, and this knowledge continues every second, every minute which I spend exploring the community more and more. – **Hina, a student from Pakistan**

# Challengefuture Members' Testimonials

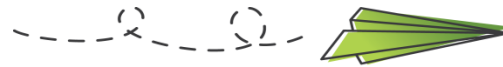

- “Professionally, Challenge:Future has exposed me to world leaders in the field of sustainability and innovation. This fact enhances a lot my CV, which has been appreciated by my employer at the moment of my current position in the Institute of Energy Economics and Rational Use of Energy at the University of Stuttgart in Germany.”

**Johanny, a student from Costa Rica**
